

Batt Pack Carrier

BPP CARRIER PRODUCT CODE: ACC0022
BPE CARRIER PRODUCT CODE: ACC0021

For heavy duty use over rough terrain, the Batt Pack carrier lets you take your unit off-roading. Perfect for applications in mining, construction and railway, the metal frame of the carrier also provides additional structural protection and makes the Batt Pack easier to maneuver. As if that wasn't enough, we've added in a built-in bonus bottle opener so you can crack open a cold one after the job is done.

Fast Vehicle Charger

BPP FAST VEHICLE CHARGER PRODUCT CODE: ACC0010
BPE FAST VEHICLE CHARGER PRODUCT CODE: ACC0024

Looking to charge your Batt Pack on the go? Our high speed vehicle charge kit wires directly to your house battery or starter battery, allowing you to charge at a rate of up to 700W. Whether you're hitting the open road or on the way to the job site, the charger automatically kicks in when it detects voltage over 13.2V, which would indicate the engine is on and running. For peace of mind, there is a backup ignition circuit for additional discharge protection. Available in both 12V and 24V.

Trickle Vehicle Charger

BPP TRICKLE VEHICLE CHARGER PRODUCT CODE: ACC0011
BPE TRICKLE VEHICLE CHARGER PRODUCT CODE: ACC0025

If you want to keep your Batt Pack topped up on the go, our trickle vehicle charger is the perfect plug and play option that requires no wiring or installation. It plugs directly into your vehicle's cigarette lighter port, and allows you to charge at a rate of up to 130W.

Folding Solar Panel (425W)

FOLDING SOLAR PANEL (425W) PRODUCT CODE: SOL0004
